Aerochamber: Drug Delivery Systems for Metered Dose Inhaler (MDI)

**Description**

Drug delivery systems are either reservoirs or bags used with a metered-dose inhaler that enables a patient to breathe or inhale a fixed dose of his/her medication.

**Policy**

**Medicare members:**
An A4627, S8100 and S8101 are noncovered under Medicare.

**Non Medicare members:**
A drug delivery system for metered dose inhaler (MDI) is considered **reasonable and necessary** to enable a Member to breathe or inhale a fixed dose of medication.

A drug delivery system for a metered dose inhaler (MDI) is considered **not reasonable and necessary** for all other indications.

**Policy Guidelines**

Coverage Criteria:

1. Must be ordered by the Member’s treating physician.

Limitations:

1. One reservoir bag allowed per month.
2. One holding chamber is allowed per year.

**HCPCS Level II Codes and Description**

<table>

<tr>
<td>A4627</td>
<td>Spacer bag or reservoir, with or without masks, for use with metered dose inhaler</td>
</tr>
<tr>
<td>S8100</td>
<td>Holding chamber or spacer for use with an inhaler or nebulizer; without...</td>
</tr>
</tbody>
</table>
Documentation Requirement

1. Provider must submit supporting documentation with claim that shows documentation of metered dose inhaler (MDI) medication.

Important Note:

Northwood’s Medical Policies are developed to assist Northwood in administering plan benefits and determining whether a particular DMEPOS product or service is reasonable and necessary. Equipment that is used primarily and customarily for a non-medical purpose is not considered durable medical equipment.

Coverage determinations are made on a case-by-case basis and are subject to all of the terms, conditions, limitations, and exclusions of the member’s contract including medical necessity requirements.

The conclusion that a DMEPOS product or service is reasonable and necessary does not constitute coverage. The member’s contract defines which DMEPOS product or service is covered, excluded or limited. The policies provide for clearly written, reasonable and current criteria that have been approved by Northwood’s Medical Director.

The clinical criteria and medical policies provide guidelines for determining the medical necessity for specific DMEPOS products or services. In all cases, final benefit determinations are based on the applicable contract language. To the extent there are any conflicts between medical policy guidelines and applicable contract language, the contract language prevails. Medical policy is not intended to override the policy that defines the member’s benefits, nor is it intended to dictate to providers how to direct care. Northwood Medical policies shall not be interpreted to limit the benefits afforded to Medicare or Medicaid members by law and regulation and Northwood will use the applicable state requirements to determine required quantity limit guidelines.

Northwood’s policies do not constitute medical advice. Northwood does not provide or recommend treatment to members. Members should consult with their treating physician in connection with diagnosis and treatment decisions.
